NOTICE OF PUBLIC COMMENT PERIOD

Pursuant to the provisions of Chapter 23-23 of the Rhode Island General Laws and “Operating Permits” 250-RICR-120-05-29, notice is hereby given that the Office of Air Resources offers an opportunity for public comment regarding its proposal to renew the Operating Permits to the following stationary sources:

Kenyon Industries, Inc., 36 Sherman Avenue, Kenyon, RI 02836

Providence Metallizing Company Inc., 51 Fairlawn Avenue, Pawtucket, RI 02860-2591

Shell Oil Products US, 520 Allens Ave, Providence, RI 02905

The draft operating permits are being offered for public comment in accordance with 250-RICR-120-05-29. An Operating Permit consolidates all applicable air pollution control requirements for the stationary source into a single federally enforceable document and clarifies all applicable requirements including emission limitations, operating, monitoring, testing, recordkeeping and reporting requirements. The State of Rhode Island's Operating Permit Program has been approved by the U.S. Environmental Protection Agency.

The public comment period will begin today and continue until 29 April 2019. A public hearing for interested persons to appear and submit written or oral comments on the draft operating permits will be held if requested by 10 or more persons, or by a governmental subdivision or agency or by an association having not less than 10 members. Any interested person may request that a public hearing be held.

Written comments, to be considered part of the record, must be submitted during the public comment period. Written comments or requests for a hearing may be sent to the Office at the address below until 4:00 PM, 29 April 2019, at which time the public comment period will close.

The draft operating permits and supporting documentation are available for inspection at the Office of Air Resources, 235 Promenade Street, Providence RI from 8:30am to 4:00pm. Supporting documentation includes the operating permit renewal application, initial permit application, a discussion of the streamlining of certain applicable requirements, a discussion of the federal enforceability of applicable requirements, and a document concerning public participation in the operating permit program. For more information, contact Ruth Gold or David Del Sesto at (401) 222-2808 (toll free 1-800-752-8088, TTY 711).

Signed this 27 day of March 2019
