

You are Invited!

Please join us for one of our free *Perc-Rite® Drip Dispersal* seminars, conveniently located in Rhode Island.

The Perc-Rite® Drip Dispersal system is the most innovative effluent disposal method available today. It is fully approved in Rhode Island for effluent discharge of both new construction and upgrade systems.

Topics covered will include design, installation, routine maintenance, and case studies.

**These events have been assigned 1 RIDEM CEU
for Class I, II & III Designers**

Sign up today.
