

# In-Person Training Opportunity! *Vendor Field Day*

*September 29, 2022 8am-5pm*

REGISTER ONLINE TODAY AT <https://web.uri.edu/owt/>

## See What Professionals Are Saying About Vendor Field Day

*“Informative, good one-on-one interaction with vendors”*

*“I was able to ask questions about problems that come up in the field about these systems”*

**REGISTER NOW FOR 2022 VENDOR FIELD DAY AT THE ONSITE WASTEWATER TRAINING CENTER AT URI’S KINGSTON, RI CAMPUS:** The Center is home to nearly two dozen full scale conventional systems and advanced wastewater treatment technologies constructed above ground for hands-on learning. Come learn about Advanced Enviro Septic, Advantex, Bioclere, Elgen GSF, Geomatrix/GST Leaching, SeptiTech, as well as experimental technology LSTAs in small groups with plenty of opportunities to ask questions. Earn **8 MA TCHs (SE/SI)**, **4 RIDEM CEUs (Class I-IV)** and **3 NHDES credits**. Attendance at Vendor Field Day meets regulatory requirements for vendor training for installers and designers in RI and attendance records will be provided to RIDEM OWTS as well as vendors. Please note additional training may be required by individual technologies for installation or design.

**REGISTER NOW:** For more information and to register, please use our NEOWTP Online Registration System found on our **website: <https://web.uri.edu/owt/>**. Class fee is \$200 when registered by September 15.

**DIRECTIONS:** The Center is located in front of Peckham Farm and is visible from Route 138. Attendees should navigate to Peckham Farm URI in Kingston, RI and enter via Peckham Farm Road. The Center is a short walk through a wooded path behind the small brick building at the corner of Peckham Farm Road and Route 138. No parking pass is needed.
