

Hold the date - a final presentation! Visions for a Resilient & Sustainable Port of Galilee

Friday, December 18, 2015,
3:00 pm, *Location TBD*
REFRESHMENTS PROVIDED

Join the University of Rhode Island's senior Landscape Architecture Design Studio, along with graduate and undergraduate students of Environmental Science and Management and Marine Affairs for a presentation of ideas. Following site visits and a public listening session with stakeholders, the students will showcase storm resilience strategies, sustainable design recommendations and policy proposals for the waterfront.

Pleased join us.

For questions, contact: Professors Will Green (wagre@uri.edu) or Austin Becker (abecker@uri.edu)
