

You're Invited

Greetings from the Revolution Wind Team,

On Monday, June 13th, we will be hosting an Open House for community residents and stakeholders in Rhode Island to learn more about the project.

The event will begin at 5:30 p.m. at the URI Coastal Institute, 1st Floor, URI Bay Campus, 215 South Ferry Road, Narragansett.

Scan the QR code to register for the event or visit tinyurl.com/2ct3pjps

About Revolution Wind:

Revolution Wind is a 704 MW offshore wind farm that will provide clean, affordable power to Connecticut and Rhode Island.

The site is located more than 15 miles south of the Rhode Island coast, 32 miles southeast of the Connecticut coast and 12 miles southwest of Martha's Vineyard.

Project survey work and permitting is underway, with local construction work on Revolution Wind slated to begin as early as 2023.
