## Application for Freshwater Wetlands Determination or Permit - Fee Assistant Tool

Within the Part 3 Freshwater Wetlands Rules (250-RICR-150-15-3), application fees can be found in [Tables 2, 3, and 4 of §3.8.9](#). The Rhode Island Department of Environmental Management - Office of Water Resources has created a new tool to assist Freshwater Wetlands application preparers. The Fee Information Assistant helps applicants to navigate the tables found in §3.8.9 to determine their project type and fee amount.

The Fee Assistant Tool can be accessed through the newest version of the [Application for Freshwater Wetlands Determination or Permit](#) in the “Fee Information” box located in the upper right-hand side of the first page. Links to the Fee Assistant Tool are also available through the document [Instructions for Completing a Freshwater Wetlands Application](#) and the [DEM Applications & Forms website](#).
