

Communication Strategies for Water Quality Management Planning: Framework to Action

📍 [Online Via Zoom](#) | April 11, 2024 | 12:00 PM – 1:00 PM EDT

About this Webinar

Join the [Syracuse University Environmental Finance Center](#) for a 1-hour webinar on effective communication strategies for water quality management planning in New England. This webinar features insights from the Cape Cod Commission and the Town of Sandwich, MA. In this webinar, the Cape Cod Commission will present a communication framework designed for water quality management planning. Following an overview of the framework, a representative from the Town of Sandwich will share his firsthand experience implementing the framework developed by the Commission, highlighting local engagement, implementation, and project outcomes.

The webinar will conclude with a moderated Q&A between the presenters and attendees. Attendees will gain valuable insights into established communication strategies that can be replicated and built upon to improve the success of water quality management projects.
