

RI DEPARTMENT OF ENVIRONMENTAL MANAGEMENT
OFFICE OF WATER RESOURCES
Request to be Included on Project Priority List to access the
Clean Water State Revolving Loan Funds
SFY 2026

Other Project- Use for CSSLP, Emerging Contaminant, Nonpoint Source, or CCMP Project

Project Readiness

Have any of the following RIDEM and other approvals already been obtained for this project? (check all that apply)

Wastewater Facilities Plan/Amendment **or**
Onsite Wastewater Management Plan

Construction Plans & Specifications /Order of Approval

FONSI or Categorical Exclusion (NEPA)

RIDEM/CRMC permits, please specify _____

RIDEM OLRSM approval

Local bonding authority/system revenues pledged/ local funds
have been committed to this project

Lake Management Plan

Grant funding secured. Specify _____

Other Project Details- Use for CSSLP, BIL Emerging Contaminants, NPS, and CCMP Projects

The CWSRF can finance capital projects that implement the following items. Projects must be recommended actions in these plans and further the Clean Water Act (i.e., they must be for the protection and/or restoration of water quality and/or aquatic habitat).

Please specify which of the following categories this project implements:

- RIDEM [Nonpoint Source Program \(NPS\) Management Plan](#)
- [RIDEM 319 Watershed Plan](#)
Please specify name of watershed plan: _____
- Narragansett Bay Estuary Program's (NBEP) [Comprehensive Conservation and Management Plan \(CCMP\)](#)
Please specify the section and action item number from the CCMP: _____
- BIL Emerging Contaminants Project:
Mitigation or treatment of PFAS, microplastics, personal care/pharmaceutical products. This is a special allocation of funding under the Bipartisan Infrastructure Law/ Infrastructure Investment and Jobs Act.

Population to be served by this project: _____

Please estimate number of people

Is this project a component of a larger planned project?

Yes

No

Estimate the portion of the project that is eligible (in dollars or percent of total project cost): _____

Only that portion of the larger project which provides the water quality/aquatic habitat benefit is eligible for CWSRF financing.
