PPL

Data Navigators 2.0

An educational initiative of Providence Public Library

What Can Data Do

In today's world, data rules. It's used to forecast hurricanes, predict presidential elections, evaluate basketball players, and more. In this course you'll learn how to organize and manipulate data to find trends and make predictions. Learn how to use Microsoft Excel and Tableau software to analyze data and create powerful visual stories.

Who Can Participate

Teens in grades 9 - 12. No experience needed but if you have some, we'll welcome you too.

When and Where

Monday and Wednesday, 3 - 5 pm, January 27 - May 13
Providence Public Library - 225 Washington Street, Providence, RI 02903

REGISTER AT: RIDE.GOSIGNMEUP.COM

Earn High School and College Credit

Participants in grades 9 - 12 have the opportunity to earn .5 of a high school credit through the Rhode Island Department of Education (RIDE)'s Advanced Coursework Network. Teens will also have the ability to earn 2 college credits from Roger Williams University.
